ON THE BOXIn Place of Striking Cab Driver  
In New York

## BIG MOVEMENT STARTED

Cab Drivers' Union Went on Strike  
To-day, With the Result That a  
Good Many New Yorkers  
Are Walking.

New York, Dec. 17.—The 3,300 members of the Liberty Dawn association of cab drivers struck at 9 a. m. to-day, completely tying up the service at all hotels, restaurants, railroad stations, clubs, stables and stands in the city. The few drivers who own their cabs are reaping a harvest, but their number is too small to make much impression. Funeral drivers may also walk out. The strike followed a meeting early to-day of representatives of the Cab Drivers' association and Liberty Dawn Protective association. The men demanded \$15 for a seven-day week, with ten hours off daily.

John Naugham, a millionaire and proprietor of the Astor stables and probably the richest livery keeper in America, mounted the box of a cab to-day and answered a call received at his office.

"We are fighting only the firms in the owners' organization, which is fighting us," said President Gould of the Cab Drivers' union. "Several of the outside owners have acceded to our demands," he continued, "and they are running as usual."

One livery proprietor said that he had estimated that the stable keepers would lose \$40,000 per day, while the strike lasted.

Yohande, Ala., Dec. 17.—Although only 35 bodies have been recovered this morning, it is now known that the victims of the mine explosion of yesterday will number from 72 to 75. Because of the fear of another explosion, the work of the rescuing parties is necessarily slow. It is believed that all the bodies will be brought to the surface before nightfall. A rigid examination will then be made. It is stated that the explosion is believed to have been due to an accumulation of dust which had not been properly sprinkled.

## CONJECTURES ON PETTIBONE CASE.

Boise, Idaho, Dec. 17.—The fact that Judge Wood will not admit the testimony which had been received at the Haywood trial and that he has asked the attorneys to submit the authority on corroborative evidence is being taken to mean that the Pettibone trial will be held strictly on its merits, without relation to the Haywood case. It is believed also that the nature of the instructions to the jury, which in the Haywood case was favorable to the defense, may be changed to conform to the evidence now being admitted.

## TRAGEDY IN AUTO-CAR.

Bernard Wallace Shoots Young Girl and Kills Himself.

New York, Dec. 17.—Bernard Wallace, a telephone operator, shot and fatally wounded his companion, Elsie Kertin, and then killed himself in an auto-car which the two had engaged for a drive about the city last night. Started by the report of a pistol twice discharged, the chauffeur stopped the car and hastily dropped to the ground, threw open the door to find one of his fares dead and the other dying.

The woman had fallen to the floor of the car after receiving the bullet in the right temple. She was still breathing but unconscious. Wallace was sitting upright in the seat and apparently had been instantly killed. He had shot himself in the mouth.

Wallace was employed in the Commercial Cable company on Broad street, this city, and lived in Brooklyn. Miss Kertin was 22 years of age and was employed as a telephone operator. She died soon after being removed from the car. Wallace and Miss Kertin are said to have been friendly for some time. Last night they appeared in front of the hotel Knickerbocker in Manhattan, where they engaged the auto-car. The chauffeur said that he was instructed by Wallace to drive across the Williamsburg bridge to Brooklyn. When that borough was reached he was told to drive down the eastern parkway. He had driven about a mile on that boulevard when he heard the shots fired. The chauffeur was arrested but later discharged.

Wallace was about 18 years of age and made his home with his mother and two sisters. The mother has been made critically ill by the shock of the tragedy.

A possible clue to the motive for the shooting was found in a letter taken by the police from the coat Wallace had worn. The letter was dated Oct. 21 and was in a woman's handwriting. It referred to a quarrel between the writer and Wallace and a desire for a reconciliation was expressed. The letter was signed "The Kid."

"FLYER" SMASHED  
INTO FREIGHT TRAIN

One Man Cut His Head and Several Other Passengers Were Bruised Yesterday Afternoon.

Bellows Falls, Dec. 17.—The Montreal flyer smashed into a local freight train yesterday afternoon, one-half mile south of Troy, N. H. One man got his head cut and the other passengers were shaken up. About one-half mile from Troy a freight train which had come up from Fitchburg, had orders to meet a south bound local freight at 3:35 at Troy. It did not make the connection and the flyer was due, and was transferring coal to the engine of the local freight.

There is a slight curve here and the flag signal was displayed five poles back of the coal stations. The engineer of the flyer says the regulations of the road for a flag signal at least 10 poles back, 1,000 feet, and inside he saw no signal until within 500 feet of the freight. The engineer did all he could to apply the brakes and when within a train length of the freight both he and the fireman jumped.

The flyer smashed the caboose and four cars of the freight to splinters, the engine of the flyer being overturned and tumbled on its side. The passengers were taken by way of Greenfield and the road closed until the wrecking train could clear away the debris.

SIX MONTHS'  
STEWARDSHIP

## Of the City Hospital Association

## TOLD AT ANNUAL MEETING

During the Period There Have Been 75  
Different Patients in the Institution—The Detailed Financial Statement.

The annual meeting of the Barre City hospital corporation was held at the city court room last evening, when reports were heard and officers elected. Although only open to the public six months, the hospital has already become one of the institutions of the city. Seventy-five patients had been admitted up to December 1st.

The officers elected for the ensuing year are as follows: President, Dr. O. G. Stinchey; vice-president, Dr. W. D. Reid; clerk, Dr. J. W. Jackson; trustees for three years, D. M. Miles, John E. Smith, F. G. Howland and J. W. Jackson. Mr. Jackson was elected to succeed the late Dr. J. Henry Jackson as trustee. Dr. W. E. Ladd was elected trustee for one year to succeed the late Dr. J. W. Reid, and Dr. S. Currier was elected trustee for two years to succeed E. L. Smith, resigned.

The report of the executive committee is given in full below:

The Barre City hospital was incorporated in 1904, but not until the annual meeting in December, 1906, was any move made to establish a hospital. At this meeting the Barre Emergency hospital, a private enterprise, submitted a proposition in writing, asking the Barre City hospital corporation to buy it out. This led to a consideration of a project to establish a city hospital, and a committee of five was appointed to investigate and report on the expense of making a beginning, in a small way, and of conducting the same for a year. The report of this committee, and an undertaking of the enterprise and committees were appointed to look up locations, solicit funds and to prepare rules and regulations.

After looking at numerous houses, vacant land, etc., in different parts of the city, it was decided the most feasible proposition of all was to purchase the W. A. Perry place, which was done, 35 men going on a note to pay for it until such time as the corporation was able to own it out of its own funds. The price paid was \$10,000.

As soon as possession was given, the house was wired for electric light, the wood floors laid in all rooms to be used for hospital purposes, all rooms newly papered and painted, a new kitchen installed off in the ell, and later a laundry finished off and equipped in the barn.

When the property came into the hands of the corporation, the property of the Emergency hospital was purchased at a price that had been previously agreed upon, most of the beds and furnishings from this were used to fit out the servants' and nurses' rooms. The best from hospital beds and the best grade hair mattresses were purchased new for the private rooms and wards. Instruments and fixtures brought the expenditures up to approximately \$22,000.

On June 11 the hospital was opened and between that date and December 1st, five and a half months, 75 different patients have been admitted. The smallest number of patients in the hospital at any one time was two and the largest twelve. On December 1st, there were eight. Miss Margaret Henry is matron and Mrs. J. B. Noble housekeeper, and there are four nurses now in training.

Following is a statement of the subscriptions, receipts and expenditures of the hospital to December 1st:

Subscriptions pledged to December 1st ..... \$2,009.45  
Earnings to December 9th ..... 1,905.58  
**Total income** ..... \$4,414.33

**Total** ..... \$3,997.56

Patients are admitted to the wards at \$10 a week, to private rooms at \$13, \$20 and \$25 a week. Those who are not able to pay for treatment are treated free by the members of the staff on duty at the time, but if they are able they are expected to pay.

## MOTHER DEAD; SON DEAD.

Fifteen Minutes After Mary Krellinger's Death, Came Message of Fred's Demise.

Mrs. Mary (Murphy) Krellinger died at 11:15 yesterday afternoon at her home, 44 Brook street, and 15 minutes after her death a telegram was received from a son-in-law, A. Roma of Winston-Salem, N. C., stating that Fred Krellinger, only son of Mrs. Krellinger, was dead there and that Mrs. Roma would leave to-day for Vermont. James Daw, another son-in-law living here, sent a telegram Sunday to the relatives in North Carolina telling of Mrs. Krellinger's condition, and the announcement of the son's death was the only reply that was received.

Mrs. Krellinger was ill about a week, the cause of death being pneumonia. She was about 47 years of age, was born in county Cork, Ireland, and came to this country when a young girl and married Mr. Krellinger, who died about three years ago. They came to Barre in 1883 and she has resided here since.

Mrs. Krellinger is survived by five daughters, Mrs. Marcella Bianchi and Mrs. James Daw of this city; Mrs. A. Roma of Winston-Salem, N. C.; Mrs. Miss Sarah Krellinger of Quince, Mass., and Mrs. William Jeffrey, of Northfield.

Fred Krellinger, the notice of whose death came yesterday, was about 32 years of age and had Barre only recently to go to North Carolina to work at his trade of granite cutting. None of the particulars of his death are known, as the dispatch was very brief and it was not known that he was ill.

No definite arrangements have been made in regard to Mrs. Krellinger's funeral, and it will not be decided until it is known what arrangements have been made in regard to the disposition of Fred Krellinger's remains.

YOUNG MAN

## BUT HIS FATHER WAS FINED

State's Attorney Gates Accused to Request of Thirty Warren People—  
Vern Stone Was Already Under Probation.

Intercession by thirty of his townsmen, including his employer, saved Vern Stone of Warren from the house of correction yesterday afternoon. Stone is the young fellow who whacked his father, Charles Stone, over the head during an altercation at the latter's home in Warren Sunday night. State's Attorney Gates went over to Warren from Montpelier in the afternoon and investigated the row. When he got there he found that young Stone was already under probation for larceny, being in court a year ago. He therefore telephoned Probation Officer F. B. Thomas of Montpelier to make out mittimus papers to send the young man to Rutland.

Then the neighbors and friends, headed by James Pierce, got to work and drew up a petition, praying that the fellow be given another chance. The matter was taken before the probation officer, and one state's attorney finally decided that Stone be given a chance to redeem himself and he was allowed to go back home.

Some of the Warren people are said to be none too satisfied with the young man's conduct since he was placed on probation before.
